Last Week the B. Johnson Family.

This week is tricky!!! The Carbonneau family was going to buy a car for \$5800. The car dealer offered the Carbonneau family two options for buying the car. They could pay the full amount in cash, or they could pay \$1000.00 down and \$230.00 a month for 24 months on the installment plan. How much more would they pay for the car on the installment plan?

Laptop Insurance

Laptop insurance is still available for parents who wish to purchase it. We have had large damage bills of late so parents might want to reconsider the purchase of insurance. If you would like more information please contact the main office.
