

Why does my child need Title 1?	Students can qualify for Title 1 through a combination of several routes
a. DRA results (Developmental Reading Assessment)	Services are offered to a student who scores more than a full level below grade on the DRA. These tests are administered in grades 1 and 2 in the fall and spring of each school year.
b. Teacher referral	Teachers may notice certain reading deficits through observation and performance in classroom reading instruction. With parent permission, we would give a new DRA at their current grade level, which would assist in determining whether or not the student will qualify for services.
c. Parent referral	Parents may have concerns about their child's reading abilities or interest.
